Chapter 1

The Other Spartans

The Mark VI armor had been freezed down for 6 years when MasterChief, the legendary spartan supersoldier had been taken in for treason on the human colony Cr'azak 4 in the Delta quadron 1956 lightyears from the milkyway.

"I need to get him out of thereâ€¦" a spartan thought loudly as he moved through the UNSC Starcruiser MorningStar. Jessica, which was the name of the spartan soldier saw some lifesigns on her motiontracker on her HUD.

"Shitâ€¦" she thought and saw a magnum that was standing in a weaponcache on the other side of the room. She crouched and rolled over to were the magnum was and picked it up, checked the ammo and waited.

"Where are you now?" Someone said over the radio to Jessica. "Scoot? Im in the weapon hangar. Where are you?"

The radio started to buzz and Jessica could only hear a few words of what the man
said.

"â€¦â€¦.hangarâ€¦â€¦â€¦.pelicansâ€¦â€¦â€¦.guardsâ€¦â€¦." The radio stopped and Jessica saw the lifesigns stop and she could hear them yell. "To the shiphangar! We have an intruder!"

Jessica slowly backed away nut she backed into some cans and they fell down on the floor.

"Shit..!" Jessica thought, stood up and ran to some crates, opened onme of them and jumped in. There was a little hole were she could look out from and she saw some marines coming into the room and saw the cans on the floor.

They turned around and started to run to the hangar, at least that was what Jessica thought. She jumped out and ran to the door where the marines had come from and followed some signs that said Shiphangar. When she got there she saw several dead marines and a spartan fighting for his life. Scoot, the spartan she had spoken to just a moment ago,was struggling for his life with a Battle Rifle and a Assualt Rifle.
